

WELCOME TO UNIVERSITY COLLEGE

Nau mai, haere mai ki Te Kāreti o te Whare Wānaka. Welcome to University College.

We hope that the coming year is a special experience for you and that University College plays a part in supporting achievement of all your goals for 2025; academic, social, sporting or cultural.

In coming to Dunedin, the University of Otago and University College, you may be living away from home for the first time. While this may have its attractions, it may also be a source of trepidation for some of you. Be assured that others will be having the same feelings and recognise there will be challenges in getting used to a different place to live with over 460 different young people in a new, vibrant environment. The team at University College, many of whom live-in, are here to help you navigate your journey through this rewarding first year experience and achieve academic success.

As with any large group, the University College community functions well when we all show respect for each other and appreciate the privilege that we have been awarded in belonging to the community. By joining us you accept and agree to live here by the values and expectations of behaviour at University College as expressed in this handbook. You are also expected to contribute positively to the college community through participation in events activities.

I encourage you to make the most of the many opportunities available: use the academic support provided; get involved in College activities; meet new people and make lasting friendships; support others in achievement of their goals; and find yourself during your transition from school to greater independence.

This handbook is full of useful information to help you get the best from your first year experience. Please read it before you arrive in February and we look forward to having you join the University College community.

ABOUT UNIVERSITY COLLEGE

University College was commissioned by the University of Otago for the University's 100th birthday and designed by Dunedin architect Mr E J McCoy of McCoy & Wixon. The College was formally opened by the Governor General, Sir Arthur Porritt, on August 9 1969, as part of the University's centenary celebrations. We celebrate the College's birthday each year.

Originally residents were segregated, with male students housed in the South Tower and female students in the North Tower. The College became fully integrated in the late 1980s. The Annexe wings finished in 2004, and the Villa was added in 2021. These additions increased capacity to over 460 bedrooms, making University College the largest residential college at the University of Otago and one of the largest in the Southern hemisphere.

Over the past 50 years University College has been home to tens of thousands of students. You will find ex-Collegians all around New Zealand and around the world working and living in diverse and interesting places and positions. Currently University College is home to 460 predominantly first-year students of the University of Otago.

The College Latin motto is "Ut Magis Aptil Reddamur" which translates literally as "That we may be made more fit"

Our mascot, Leo the Lion usually lives in the Dining room. Lions are known for their courage and strength as well as working for the good of their whanau – characteristics that are admired in our Residents. The University College flower is the kowhai and our official competition colours are black and gold.

WHANAUKATAKA

PROJECT AND KAUPAPA

Whanaukataka is a blend of traditional and contemporary ideals, acknowledging Mana Whenua (people of the land) me Nga Iwi Katoa (all people) who come to the University seeking knowledge and exploring ideas, old and new, combining skills together to guide our own Waka towards higher levels of learning, represented in the form of a Waka heading skyward.

With Waka being such a universal form, people from many cultures can identify with what the Waka represents; travel, pushing one's boundaries, achievement and setting and reaching personal destinations.

The ripple pattern on the inside of the Waka shows the waters may not always be calm, but with knowledge we have the ability to navigate challenges and achieve our goals.

The carved heads on the two halves come together to form the full Koruru (head). This is symbolic of the Hongi, and represents the friendships made by students during their stay at the College. The surface pattern applied onto the Koruru is called Hae Hae Akai and represents the different strands of knowledge being handed on to students.

My acknowledgment to Mana Whenua is depicted in the aluminium forms. The front not only represents the pressing of noses but is symbolic of the Toroa (albatross) fledgling which nests on the Otago peninsula. The form on the back shows the parent bird working hard to provide and look after her young.

The idea of the parent bird providing and nurturing her young also encapsulates the ideals of the College, where people come together and forge friendships in an environment which is conducive to family ideals and provides the care students need to learn and grow.

This is why the name Whanaukataka was given to this piece, it represents all the aspects of a family away from home; warmth, sustenance, friendship and support.

Accommodation areas of UniCol

Your room is your home at University College and your responsibility for the year. It is expected that you will keep your room tidy throughout the year. Your room is private to you. It is your personal space and your responsibility. However, to ensure that bedrooms are being maintained and that health and safety requirements are being met, periodic room checks may occur. These visits will normally take place during each of the holiday periods and we will put out general notices to advise you this will occur. We reserve the right to conduct checks at other times as required. Please note that College staff have the authority to enter your room at any time should this be needed for health, discipline, maintenance or College management reasons.

Although the College rooms may vary in shape, size and configuration, each and every room is equipped to a comparable standard.

The North and South Towers each have eight floors above ground level, and a lower ground floor. On each of the floors one to eight there are 18 bedrooms, a common room, laundry and a shower and toilet area. On the ground floor there are 14 bedrooms.

When you leave at the end of the year, you must leave your room in a tidy state and all inventory items must be present. You will need to complete the Room Inventory Form. Your room will be inspected within 24 hours of your departure. Any missing items or damage to your room may be charged to your account. Please don't bring a fridge, heater, electric jug, electric iron, electric blanket or extra furniture.

Room Security and Insurance

We recommend that your bedroom door is locked when you are out. You are responsible for the contents of your room. The College will not accept responsibility for loss or damage due to theft or accident. Each room is fitted with a smoke detector which is extremely sensitive. As well as smoke, the following will also set it off: aerosol sprays, dust, water, hair straighteners, vapes and steam.

Please use aerosols and hair curler/straighteners in the bathrooms. Each false alarm call-out costs approximately \$500 and this may be charged to the Resident, whether malicious or accidental.

- Prior to your departure at the end of the year.

The College reserves the right to change room allocations during the course of the year if it is deemed necessary. The Warden or delegated authority has the right of access, without prior approval, to any room at any time if the health and safety of any student at the College is at risk.

Your Floor

Your floor is an integral part of your life at University College. You will get to know your floor mates very well over the course of the year. The cleaners work hard to keep the facilities at University College clean and fit for purpose. Please show them respect and help them by making sure that communal areas are tidy. This means that empty bottles, cans, pizza boxes and other rubbish is put into the bins supplied. Student Voice

Student Liaison Committee

UniCol is a big college! We are always looking to improve so at the start of the year, we ask for volunteers from each area of the College to sit on the Student Liaison Committee. 2 residents from each block: North Tower, South Tower, Annexe, and Villa, plus a Sub-Warden, the Assistant Wardens and a Deputy Warden, form the committee.

The purpose of the committee is to improve the college experience, discover what initiatives are working, and which aren't, and to provide a pathway for the resident cohort to provide immediate feedback to senior management.

If you are interested in being part of the liaison committee, let your Sub-Warden know.

Sustainability Committee

University College is committed to sustainability. Each year, we ask for volunteers to join our sustainability committee who plan and execute sustainable projects, work through Green Your Scene, organize fundraising events, and provide sustainability insight into ongoing events and procedures at the College. If you are interested in being part of the UniCol sustainability committee, tell your subbie when you arrive.

It is important to remember that wi-fi access may slow or become slower or unavailable at times due to heavy demand. The speed is impacted by the number of devices and wi-fi printers that are left connected may significantly impact the quality of the service. If you have localised problems with wi-fi access remember that the College has wireless access available in many common and study areas. The location of University College in the centre of the campus means that Residents have easy access to the internet in other areas of campus such as libraries and common spaces.

Please read the University internet policy which can be found at www.otago.ac.nz/administration/policies/otago018522.html

These are known as intimate visual recordings and are illegal even if they are not shown to other people or shared on social media. Any allegation that a Resident has made an intimate visual recording of another Resident (or any other person) is likely to be treated as serious misconduct and if proven may result in termination of the Resident's contract with no offer being made to rehouse the Resident in another College.

Tutorials

UniCol provides a comprehensive, free, in-house tutorial programme to add value to courses being studied.

These tutorials are offered in well-equipped tutorial and study areas within the College.

Noise

Residents must always respect their neighbour's right to sleep or study. Noise from your neighbour's room or common rooms, while you are trying to sleep or study, is probably the most common cause of annoyance within a Residential College. Please be considerate of others and act upon request to moderate noise levels from your room.

Within the bedroom areas, we expect that noise will be limited during the day and quiet by **10.00pm Sun-Fri and 10:30pm Sat**. This also includes minimising noise if you return to your room late at night. The Main Common room is open 24/7 for your entertainment and use overnight. Alcohol may be consumed in the common rooms only during normal drinking hours.

Large portable speakers are not allowed to be used within the college.

If you wish to use any device (television, computer etc.) please keep the volume at a level that does not disturb others. Using headphones late at night is recommended. Where a resident has not complied with the above requirement, the equipment may be removed.

Harmful Digital Communications

Under the Harmful Digital Communications Act 2015 it is illegal to make a visual recording, on any device, of another person without their knowledge or consent, where the recording shows them naked or partially naked or involved in any activity (eg showering or toileting) that involves dressing or undressing. These are known as intimate visual recordings and are illegal even if they are not shown to other people or shared on social media. Any allegation that a Resident has made an intimate visual recording of another Resident (or any other person) is likely to be treated as serious misconduct and if proven may result in termination of the Resident's contract with no offer being made to rehouse the Resident in another College.

Room Checks

If a staff member has serious concerns about your wellbeing and safety or that of other individuals likely to be in your bedroom, a Welfare Check will be done whereby a staff member will visit and enter your room. Routine checks are carried out during the year for maintenance, or other reasons but you will be given at least 24 hours notice before the room is entered.

Emergency Procedures

Evacuation

Evacuation notices are posted around the College, stairwells, lifts and bathrooms. Please read these and take note of instructions given by the staff at the beginning of the year.

Fire Evacuation

In the event of a fire or if the fire alarm sounds, You MUST leave the building and:

- Shut window, turn off electrical equipment if it is safe to do so. Do not put yourself at risk to achieve this.
- Put on shoes and leave your door unlocked but closed
- Place a pillow outside your door to indicate that you have vacated the room
- Leave the building using the fire exit.
- Do not use the lift.
- Assemble with other members of your floor at the designated meeting area.
- Staff and/or Emergency Services will check your rooms after you have vacated them.
- Do not re-enter the building until staff advise it is safe to do so.

Staff are trained Fire Wardens and it is important that you follow their direction.

In Case of Fire

If you discover a Fire:

- Operate the nearest fire alarm call point
- Call 111, ask for Fire Service and then tell them:
 - ⇒ Your Name
 - ⇒ University College, 315 Leith Street
 - ⇒ The nature of the emergency
- Leave the building via your designated escape route.
- Report to your designated assembly area.
- Do not return to the building.

Fire Evacuation from Towers and Annexe

- In the event of a fire or if the fire alarm sounds, leave your room.
- Move directly to the fire escape at the south end of each floor and vacate the building via the fire escape.
- Do not use the lift or the central stairwell.
- Assemble with other members of your floor at the front of the College on the lawn.
- Please stay off the drive area. Staff will check your rooms/ houses after you have vacated

Fire Evacuation from the Villa

Residents in the Villa should exit down the stairs and meet in the parking lot outside.

Emergency Preparedness

For emergency preparedness you must have a small personal emergency kit (grab bag) that is kept in your room as per the following recommendations:

Minimum requirements:

- Emergency contact details – a written copy as well as next of kin listed on your cell phone
- Torch and spare batteries
- Strong outdoor shoes
- Supply of personal medications
- Hand gel or antiseptic wipes
- Survival blanket
- Bottle of water
- Muesli bars or similar energy food

Have close at hand ready to grab in case of an evacuation:

- Warm clothing (jacket or similar)
- Your cell phone if you have one

Additional extras that would be useful:

- Personal toiletry items
- Small plastic bags
- Whistle and light sticks
- Copies of important documents

Earthquake

DROP down onto your hands and knees (before the earthquake knocks you down). This position protects you from falling but allows you to still move if necessary.

COVER your head and neck (and your entire body if possible) under a sturdy table or desk (if within a few steps of you). If there is no shelter nearby, crawl to an inside corner of the room and cover your head and neck with your arms and hands.

HOLD ON to your shelter (or to your head and neck) until the shaking stops. Be prepared to move with your shelter if the shaking shifts it around. The shorter the distance to your safe place, the less likely it is that you will be injured by furnishings that become flying debris during the shaking.

Practice drop, cover, and hold in each safe place. Drop to the floor, take cover under a sturdy piece of furniture, and hold on to a leg of the furniture. If suitable furniture is not nearby, sit on the floor next to an interior wall and cover your head and neck with your arms. Keep away from windows and other items that may fall on you. Responding quickly in an earthquake may help protect you from injury. Practice drop, cover, and hold at least twice a year. If you are inside you should remain inside, if you are outside you should remain outside but take shelter clear of buildings, trees, power lines and other potential hazards. If you are instructed to evacuate, or if the alarm sounds, head to the nearest safe evacuation meeting area and await instructions from staff or emergency service personnel.

Pandemic Safety

The University will follow Government advice and guidelines in the event of outbreaks or changes in alert levels.

Masks: The University continues to *highly recommend the use of masks in teaching spaces and settings where physical distancing is difficult to achieve*. They can also be worn by those who feel more comfortable doing so and we would ask that decision to be respected by our community.

In the event of a Pandemic all Residents are expected to be prepared and adhere to:

- Ministry of Health Directives and Guidelines
- [Ministry of Education Directives and Guidelines](#)
- University of Otago Guidelines
- Instructions from College and University staff
- Social Distancing Guidelines and Restrictions
- Sanitising Requirements

You should have your own medical kit and masks.

During a pandemic (e.g. COVID-19) University College will remain open unless closed by the Ministry of Education.

It is imperative at all levels that you advise a staff member when you are feeling unwell and if you have any symptoms we strongly encourage you to seek a COVID-19 test. You should follow the medical advice you receive and isolate in your room until your negative test result is returned to you. When you are isolating a staff member will deliver your meals and check on you. Should you need anything whilst in isolation contact the Duty Phone on **021 279 5580**

University College will act in accordance with up-to-date advice from the Ministry of Health, Ministry of Education and University of Otago management.

Alcohol

The sensible use of alcohol is acceptable at University College, and any departure from moderation will be regarded as unacceptable. Residents who live outside of the designated alcohol free areas are permitted to drink alcohol in University College at the times specified below. This is at the discretion of duty staff and permission may be withdrawn at any time.

Those residents who wish to consume alcohol are expected to drink sensibly and safely. This means that residents do not endanger themselves or other people and are at all times respectful of the needs of others. This means that noise should be kept to acceptable limits at all times. It is often the case that noise levels rise when groups of people are consuming alcohol. Common rooms have a limit of 13 people and 12 on the balconies. Annexe and Lower Ground Common Rooms have a limit of 13 people. Bedrooms are limited to 8 max. Unacceptable noise levels, regardless of numbers, will not be tolerated.

To ensure a suitable environment is maintained within University College staff will ask residents who wish to continue to consume alcohol outside of the hours stated above to socialise somewhere away from the College. Alcohol may be consumed in the Main Common Room at the Warden's discretion. Unless special permission is given in advance from the Warden, alcohol may not be consumed in any outside areas of the College including gardens, courtyards, patios, or the front of the College.

Residents under the age of 18

Anyone under the age of 18 years is not permitted to carry, store or consume alcohol within the University College community. All residents aged under 18 years at the start of the year will be required to meet with College management to discuss this alcohol restriction. Any resident found to be in breach of this condition will face disciplinary action. Any person supplying alcohol to any resident in this category will also face disciplinary action.

Safe Practices

The Standard Drinks measure is a simple way to work out how much alcohol you are drinking. It measures the amount of pure alcohol in a drink. One standard drink equals 10 grams of pure alcohol. If you drink a 330ml can of beer or a 100ml glass of table wine you are drinking approximately 10 grams of alcohol (one standard drink), depending on the alcohol percentage. However, a 335ml bottle of RTD spirits at 8 percent is equivalent to 2.1 standard drinks. Further advice on safe drinking will be provided at the College.

The following are not permitted within the University College Community as they are inconsistent with the expectations of sensible and safe drinking:

- Spirits, liqueurs, fortified wines & premade shots
- Alcohol in a glass container excluding wine.
- Large bottles or crates of beer
- Home brewing including beer/wine/spirit making or home brewing equipment
- Drinking games or apparatus and paraphernalia associated with drinking games and/or binge drinking (including shot glasses)
- Drinking in some communal areas, such as dining hall, study rooms, car parks
- Storage of alcohol vessels (full or empty) on window ledges, in view of windows or in public areas within the College

As the items listed above are not considered consistent with moderate behaviour involving alcohol, any such items located within the College property will be confiscated.

For safety reasons, a maximum of 13 people can consume alcohol in a common room and 12 on the balcony. Annexe and Lower Ground common rooms have a limit of 13 persons and 8 in a bedroom.

Alcohol Free periods

The Warden or Deputy Warden has the right to impose an alcohol free period or an alcohol restriction or modify the alcohol rules for any individual, group or the whole College at any time without warning and at their discretion. Noise, offensive behaviour and damage to property are the most likely reasons that an alcohol restriction would be imposed.

Additional alcohol restrictions will be put in place prior to and during the exam period, and may be put in place at other times throughout the year as deemed necessary by the Warden. Please note that should there be any change in Government legislation regarding alcohol we may review and/or change our alcohol policy and guidelines if and when we deem it necessary to do so.

Consumption Times

At University College you may consume alcohol in specified areas of the College within the following timeframes:

From 6.00 pm—9:30 pm—Sunday to Friday

From 3.00 pm—10:00 pm—Saturday

Alcohol free floors

Some Residents may prefer to live in an environment where the effects of alcohol are minimised. University College offers accommodation on an alcohol-free floor. There is an expectation and understanding that Residents in this space will:

- Abstain from using or possessing any alcohol on the “floor”.
- Return to the “floor” in a quiet, civilised manner if alcohol has been consumed elsewhere.
- Assist in holding others accountable for maintaining this environment.
- Take responsibility for any personal guests visiting the “floor”.

The University College Way

Members of University College are treated as adults and are expected to act as such. As a large College community we are part of a large family, one that supports and helps each other. Students at University College are expected to be responsible, accountable, respectful, caring, enthusiastic, successful and loyal to the College and to each other.

We embrace the richness that diversity brings and the College is an environment where all members of the community can be themselves.

If you or another member of the community are unwell, it is important this be communicated to a resident staff member. Call or text the Duty Phone **021 279 5580** to report illness or other concerns.

General behaviour expectations (House Rules)

University College is a vibrant community and we want all Residents to have a great first year experience. You are going to be living, eating, studying and experiencing all of residential college life with 460 other young adults. All Residents are likely to go through a period of adjustment to adapt to College life. This is an important part of the College experience and you will achieve significant personal growth through embracing this time enthusiastically and with an open mind.

Probably the largest adjustment to make is learning that your behaviour has an impact on those living around you. Most people will not have experienced another living situation in which you have such a high level of contact with people who may or may not have different interests and who will present you with such a large number of differing viewpoints on life.

As an adult and member of the College community, we expect you to recognize that boundaries and policies are essential for the smooth operation of the College. It is also expected that you willingly accept these boundaries and treat both the people in the College community and the buildings with respect.

There are three principles that underpin our expectations of behaviour. Residents are expected to:

- Take responsibility for their own behaviour and their own health and safety.
- Be aware of the impact of their behaviour on the health and safety of others
- Engage in behaviours that add to the residential experience of others and refrain from behaviours that adversely impact the residential experience of others.

Success in academic programmes of study is unashamedly the top priority and residents are expected to respect and show consideration for the rights of others and their need for study time and rest.

If a resident's behaviour is bothering others, then that student is expected to respond affirmatively to requests from staff and fellow students.

Diversity

The University College community consists of a wide range of people and we respect all members of that community. Discrimination against any other human being because of age, physical disability, national origin, sexual orientation, race, gender or religious affiliation is not tolerated within our multicultural community.

Verbal or written abuse, abuse by imagery, threats, intimidation, violence or other forms of harassment against any member of our community will not be accepted.

Harassment/Bullying/Discrimination/Anti-Social Behaviour

The University College community aspires to be an inclusive community and we believe that all members of the community have the right to study and live in an environment that is free from any form of anti-social or malicious behaviour.

Bullying is any repeated unreasonable behaviour that is directed toward a person, or a group of people, that can lead to physical or psychological harm. This includes cyber bullying.

We do not tolerate any form of harassment, abuse (including via written or electronic media, physical, spoken or published), assault or anti-social behaviour. Examples of behaviour we deem to be anti-social includes but is not limited to: name calling; disruptive behaviour; abusive language or behaviour; any form of physical violence; unwanted physical contact; unwanted non-verbal contact; unwanted electronic messages; harmful digital communications; intentional or reckless intimate visual photos or recordings; stalking; sexual assault; sexual harassment, exclusion and/or derogatory comments and language. We will not accept any form of behaviour that harms, causes concern or violates a person's dignity through: bullying; harassment; abuse; coercion; intimidation; assault; or behaviour that may be deemed to be anti-social or malicious in nature.

Any proven incident of harassment may result in the offending Resident being excluded (termination of residency) from the College.

If you feel you have been subjected to any of the behaviour listed above, we recommend you take the following steps:

- make sure you are safe
- talk with a staff member to decide if you wish to make a complaint
- seek advice and get support from a staff member
- or you can check out the other support services available at the University of Otago at www.otago.ac.nz/services

We also expect that you will undertake to uphold and maintain a standard of good conduct in or at all other University of Otago residential colleges.
