

United States Office of Naval Research Funding Opportunity

We are seeking initial applications for a United States Office of Naval Research Funding grant of around NZD\$250,000 all inclusive. Initial applications are invited at any time.

Applications will initially be one paragraph on your research idea. The funders are more interested in fundamental, novel, innovative, high risk, “exciting” new ideas – they are not interested in implementation or commercialisation. There are also grants available for conference support. These grants are not for weapons or classified projects. If your application progresses you will be required to complete the [White paper template](#).

Initial applications are one paragraph submitted via research@otago.ac.nz. Subject Line: US Office of Naval Research Initial Application. Documentation is available [here](#). Questions can be directed to [Paul Foster-Bell](#) or [Grant Duffy](#), Business Development Managers.
